# DiMe Project Landscape Map

*Last updated June 3, 2024*

**Legend:**
- ● Completed projects
- ● Active projects
- ● Living resources
- ○ Upcoming projects

**DiME**

## Digital measures & diagnostics

## Product assessment & impact

## Digitally enabled healthcare

### Best practices & implementation

- Validating Novel Digital Clinical Measures
- Powering Patient Engagement Platforms
- *The Playbook*: Implementing AI in Life Sciences
- *The Playbook*: Digital Clinical Measures
- Enterprise Digital Health
- Sensor data Integration
- *The Playbook*: Implementing AI in Healthcare
- Hospital-at-Home Ecosystem
- *The Playbook*: Pediatric Digital Medicine
- *The Playbook*: Digital Healthcare
- V1C Core Competencies
- V1C Care Transitions Toolkit

### Regulatory

- V3
- V3+
- Evidence Checklist
- 3Ps of Digital Endpoint Value
- Business Case for Endpoints

*Pre-competitive Digital Health Measure Development*
- Nocturnal Scratch
- Alzheimer's Disease & Related Dementias
- Developing a risk prediction engine for OUD
- Mental Health
- Physical Activity
- Cytokine Release Syndrome
- Sleep

- DiMe-hih Innovation in Evidence Generation
- US Regulatory Pathways
- International Regulatory Pathways
- Evidence DEFINED
- Integrated Evidence Plans

### Payment

- Digitally-Enabled Cancer Navigation
- Payer-V1C Contracting Toolkit
- V1C Payment and Coding Toolkit

### Equity

- CancerX Project on Equity and Financial Toxicity
- DE&I in Digitized Clinical Trials
- Inclusive Product Development
- Inclusive Product Deployment

### Terminology

- DiMe Glossary
- Defining Virtual First Care (V1C)

### Communities of practice

- Digital Health Measurement Collaborative Community (DATAcc)
- CancerX
- Virtual First Care (V1C) Coalition by DiMe

Note: This landscape map only includes DiMe projects. Community libraries (ex: Endpoints Library), directories (ex: V1C provider directory), education courses (Digital Medicine Academy®), and staff directed toolkits (ex: Federal Comment Toolkit) are not included.
